When you arrive at Cowley House...

Cowley House is an operational bus garage and so visitors on foot and in cars will need to be aware of a number of procedural issues which will minimise the conflicts between cars and buses.

There are two separate gates for vehicles; for entrance and exit. Traveling along the B480 away from the Oxford Ring Road, the first gate you see is the EXIT. The second gate is the ENTRANCE.

Turning right/left into the entrance, drivers should turn immediately right before the barrier and park in one of the available bays at the front of the building. There is also cycle rack at the front of the building for those arriving on bike.

Pedestrians should enter through the gate on the path, ensuring you keep within the yellow pedestrian zone when crossing the car park to get to the front of the building.

Reception is accessed by the door under the canopy at the front of the building. All visitors should report here and be signed in.

Finally, it might sound silly, but if you are in a car or on a bicycle, when leaving Cowley House, do so by the exit gate!
