# Oxford

Centuries of patient learning in ancient honey-coloured college buildings have made this unique city world-famous.

You'll get a grandstand view of much of it if you climb to the top of Carfax Tower or the tower of St Mary's Church in the High Street.

Discover amazing antiquities and paintings in the Ashmolean Museum, one of the country's finest. Then wander through the Botanic Gardens or take a punt on the river.

If you have a thirst for retail therapy, Oxford will quench it with contemporary brands in Westgate, independent retailers at every twist and turn, plus the 250-year-old Covered Market.

Explore Oxford's rich story on foot with a City Sightseeing Oxford walking tour or enjoy top-deck views on an open-top tour bus.

This major regional centre is a bustling, vibrant hub for shopping with a range of retailers along the town's streets and in The Oracle and Broad Street Mall.

There are tranquil riverside spots to chill out in, and you can't fail to be impressed by the magnificent lion statue in Forbury Park. Plus, there's a Victorian replica of the Bayeux Tapestry in Reading Museum.

Stop off in this attractive village to discover the timeless Abbey Church and the site of Dorchester Abbey. The nearby museum chronicles the history of the Abbey from Saxon times.

If you're hungry and thirsty, you'll find tea rooms in the village and at the Abbey, and some characterful, historic inns, too.

There are flower shows in Spring and Autumn, and concerts are regularly held at the Abbey.

# Wallingford

Spend time in this riverside town with independent shops lining the ancient streets that lead away from the lovely marketplace. In Castle Gardens, you'll find the remains of one of England's most impressive castles.

There are regular markets on Fridays, Saturdays and every third Tuesday of the month.

Agatha Christie, the famous crime novelist and playwright, lived in Wallingford for over 40 years and the town is also the original location of Causton in the TV drama series, Midsomer Murders.

Ancient Wallingford Bridge spanning the River Thames has 19 arches and some of the masonry is thought to date from the 13th century.

Take a heritage train ride on the **Cholsey & Wallingford Railway**. This former Great Western Railway branch line was known as The Bunk Line, and heritage diesel or steam trains run most weekends from Easter to September.

10 mins from Wallingford Market Place

# Benson

This charming riverside spot is ideal for grabbing a coffee or a bite to eat.

You can take a walk along the Thames Path and in season there's a passenger ferry over to Benson Lock. There are boats to hire as well.

Take a look at All Saints Old Church. It overlooks the Thames and is built in the style of a classical green-domed Palladian temple.

Just south of the village is Harcourt Arboretum, part of the tree and plant collection of Oxford University's Oxford Botanic Garden. There are beautiful woodlands with some of the UK's oldest redwoods and a 37-acre wildflower meadow.
